METALLIC AND PREMIUM COLORS

NOTES

1. Color samples in this brochure might be slightly different from the actual production due to the application of paint process.
2. Colors between different lots might be slightly different, so it's strongly recommended to place all panels for a project in one order to keep the color consistency.
3. Custom colors are available. The MOQ for custom color is 5,000 Sq. Ft. per panel width. Please contact us or our distributors for more details.
